

## HAZARDOUS MATERIALS

**The Department of Transportation, U.S. Coast Guard, State and Federal Agencies define these items. If discovered upon inspection, they may levy fines against you from \$2,500.00 to \$25,000.00 per violation.**

To assist you with your move, we are providing you with this list of common household items that are considered hazardous, and may not be shipped and or require specific precautions prior to shipping. It is your responsibility to segregate these items in your home and mark them "DO NOT PACK" prior to the movers arriving.

**This information is provided as general information only and is not intended as a complete list of hazardous materials and shipping guidelines for such.**

**1. *Combustible Liquids***

Alcoholic beverages (any single container exceeding one gallon capacity)  
Alcohols  
Antifreeze compounds  
Camphor oil  
Fluid Cleaners (containing combustible materials, e.g., spot clothing cleaners and office machine cleaners)

**2. *Corrosive Liquids***

Acids – muriatic, nitric, photographic, sulfuric  
Battery with acid  
Disinfectants – bleach  
Dyes  
Flame retardant compounds  
Iron/ steel rust preventing/ rust removing compounds  
Paint and paint related materials

**3. *Explosives***

Blasting caps	Explosive auto alarms
Dynamite, plastics, or any similar explosives	Fireworks
Fuse lighters	Igniters
Primers	Propellants
Signal flares	Smokeless powder
Souvenir explosive instruments of war	Toy propellants
Spear guns having charged heads	Smoke devices
Primers	Gun Powder

**Ammunition;** Contact your moving consultant for details or consult the Alison's Relocations Firearm & Ammunition Transportation Information document. When shipping is authorized, have all ammunitions set aside for the movers to notate appropriately on moving documents.

**4. *Poisons, i.e., Rat Poison, Lye, Drano***

**5. *Flammables***

Acetone	Ammonia
Charcoal briquettes	Compound 3 weed killers
Denature alcohol	Gasoline
Kerosene	Leather dressing or bleach
Matches	Oil or stains for wood
Paint or varnish remover	Propane tanks (nonpurged)
Shellac – Rubbing alcohol	Solvents, Plastic
Turpentine	Wood filler
Cleaning fluids and solvents	Enamel
Insecticides	Lacquer
Nail polish remover	Paint
Petroleum products	Shoe polish (liquid)
Stains	Varnish

Adhesives (Glues, cements and plastics)  
Lighter fluids (pocket charcoal, camp stove, lamp or torch)  
Polishes, liquid (metal, stove, furniture and wood)  
Propane or other gas used for cooking, heating or heating purposes (bar-b-ques, camp-stoves, etc.)

6. *Gasses, Compressed: Engine Starting Fluids, Fire Extinguishers, Gases Used in Welding, Scuba Diving Tanks (see note below).*
7. *Aerosol Cans (Containing a Flammable Gas, Flammable Liquid, Toxic, or Corrosive Substance).*
8. *Chlorinated Hydrocarbons in Decorative Lamps*
9. *Other Regulated Material Termed Combustible, Corrosive, or Flammable*

**Note 1:** Only those scuba diving tanks containing not more than 25 lbs per square inch at 70 degrees Fahrenheit may be shipped as household goods. Servicing for the shipment is to include:

- a. Written certification of purging serviced by a dive shop or licensed individual qualified to perform purging. A tag or label must be affixed to the tank certifying service was performed.
- b. Completely empty tank, remove the valve, and replace valve with plug designed for this purpose.

**Note 2:** Completely drain all fuel from engine power driven equipment and tools. Drain equipment (motorcycle, moped, lawn mowers, boats, snowmobiles, atv's etc). Run until engine stalls. Drain all water and coolant fluids. Allow the fuel tank and lines to remain open for 24 hours prior to pickup. Disconnect and remove all lead-acid or alkali batteries. Only gel-type batteries are authorized. These batteries may remain in the equipment holder. Ensure all battery lead's are disconnected and taped with electrical tape. Theses batteries must remain upright when packed in the shipping container. Batteries with acid or alkali are prohibited from shipment and will not be picked up and transported. **Remove keys from ignitions.**

**Exceptions: The following may be shipped only as noted:**

Automobiles – Must have less than ¼ tank of fuel and keys are removed from ignition
